# Common Sense

*About City Directory Circulation*

***The true value*** of advertising circulation is *circulation consulted.*

***To be exact*** by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

***To be conservative*** we will eliminate the sixty Sundays and Holidays when no tests were made.

***For every thousand directories*** sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

**1000 x 3½ x 305 =**

**1,067,500**

**Consultations or**

# I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

I Am Your City Directory

## *"What You Should Know About Your City"*

*"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest: then, a sympathy: then a reasonable affection: a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful: and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.*

THE SIGN OVER YOUR DOOR

Is a good thing, isn't it? You would not think of doing business without it.

BUT IT IS ONLY SEEN BY THOSE WHO PASS YOUR WAY

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

*To be properly registered costs less than to be left out*

NORTHEASTERN UNIVERSITY

Springfield Division

The names of schools and colleges, like those of people, may change. The institution known as Northeastern University, Springfield Division, these past 32 years will start its 33rd year in September, but its name will be different.

Curricula will not be disturbed. There will be the customary six years of rigorous work in Accounting, Management, Engineering and Business, with recitations in the evening. The same governing board, administrative officers, and faculty will be concerned with turning out the same kind of alumni and alumnae.

Candidates for admission should seek interviews and catalog information at an early date if they would be considered for acceptance with the freshman class this fall at the institution long known by the name above, but then continuing under a new name.
